OK, got it.

Thanks,
Hans

I think the first option is a it clearer but either works. Thanks Hans

Hi Nancy,

That refers to a final rule. Shall I revise that to clarify that we "finalized a SNUR" or "published a final SNUR". Please let me know if any other comments.

Thanks,
Hans

Regarding this bullet, when you say EPA published do you mean 'proposed'. If yes, please clarify

- In 2013, EPA published another SNUR ([CFR § 721.10536](#)) to require notification to EPA prior to manufacture (including import) or processing of 7 additional PFAS that had been reviewed by EPA under the TSCA New Chemicals Program but had yet to be commercially manufactured or imported. This SNUR also included other long-chain PFAS that were used as part of carpets or to treat carpet, except for select phosphonic and phosphinic acids for which uses were ongoing.

Thanks.

Subject: For Quick Turnaround OCSPP Review - PFAS SNUR Factsheet

Hello,

Please see the attached PFAS SNUR factsheet for review. OW has asked us to clear this by 10am tomorrow although we understand this may not be possible. Please review the changes made in track changes. The only changes are where OW asked us to add information regarding the PFOA stewardship program and I also added a bullet on the 2015 SNUR that was taken from the PFAS Action Plan.

Please let me know if any questions
Hans
